

St. Charles

Campus Features

Before & After School Care

Infant-Toddler Programs

Preschool Program

Kindergarten Program

Secure Playground

Low Student-Teacher Ratio

The Hope Academy of Early Learning in St. Charles is a "traditional" pre-school and childcare program. The Academy of Early Learning is dedicated to providing quality education and childcare for young people from infancy through age 12.

We offer a variety of year-round educational programs, directed by well-trained and qualified staff.

The campus is located near the intersection of **highway 94** and Pralle Lane in St. Charles. The school's close proximity to highways 364 and 70 make the campus easily accessible, even during peak traffic hours.

Our setting is a warm and inviting learning environment, specifically geared to aid in the development of social, motor, language, mathematical, science, and concept skills.

Every child is embraced as a unique individual. We strive to foster self-confidence, discipline, ethical behavior, and mutual respect, as we prepare your child for elementary school.

Serving Children Ages
6wks — 12 yrs.
