Full-Day, Montessori Program

Half-Day, Montessori Program
(morning & afternoon pre-school only)

Secure Playground

Pool (Summer Camp Activity)

Low Student-Teacher Ratio

At Hope Montessori Academy in Wildwood our focus is your child. Our goal is to help them acquire self-confidence and self-motivation through a nurturing environment and tailored activities.

Montessori Academy in Wildwood is located on a spacious campus just off Clayton Road. Recently, we added a swimming pool to the campus to enhance our summer camp experience.

We offer programs year round. Programs are tailored to meet our student's and family's needs, including a comprehensive, full-time program, as well as part-time (for pre-school only), morning or afternoon classes. We supplement summertime with activities related to the arts, field trips, nature hikes, swimming, and picnics.

A Montessori education is preparation for life. Our work supplements your work in helping your child develop self-calming, self-control and self-confidence. Instead of looking at the child's behavior as what they are, we look at who the child may become.

Optimism, positive attitudes, and hope for the future are essential to the success of children and our culture.
